Your guide to Social Impact Donations (SID)

Welcome to Social Impact Donations (SID)

SID offers a simple way to match your company donations to community projects, whilst allowing you to capture social impact.

Most companies want to support their local communities, but knowing where to start and how to make contact can be daunting. SID does all the heavy lifting so you can quickly support projects that matter and compile customised impact reports to communicate the social impact you have created.

Check out some of the impactful community projects funded by companies on Spacehive.

Leeds
Parks**

How SID works

Follow these steps to fund social impact simply.

1. [Create a Spacehive account](#), selecting 'privately held company' or 'publicly listed company' as your organisation type.
2. You will receive an email with a link to a SID form. You will be asked if you have signed up for a SID subscription:
 - a. If you have not yet signed up for a SID subscription, select 'No'.
 - b. If you are already subscribed to SID, select 'Yes'.
3. You will be asked if you are ready to donate to a project:
 - a. If you haven't chosen a project to donate to just yet, select 'No'.
 - b. If you have chosen a project to donate to, select 'Yes'. You will then nominate which impact reporting questions you would like to ask the project owner.
4. Submit your form and Spacehive will send you an invoice for the subscription and/or donation and donation fees. Transaction fees apply.
5. Once you have paid your invoice, Spacehive will build your customised impact report for you and match your donation to your selected project.
6. When the project funding target is met, the project owner receives their funding and delivers the project as set out on the project page.
7. The project owner will complete their impact report, answering the questions you specified in your SID form.
8. Impact data will be available via [your Spacehive account](#).
